To the Director: This Piece is neither here or there as it is constantly changing between a funk and a samba.
The band should be aware to back off at bar 5 as the Trumpets come in with a short 4 bar theme to set up the piece.
Solos should be taken by the 1st Tenor and Guitar player, the Tenor player has 16 bars over a rhythmic ostinato to set him/her up for bar 52, band shouldn't get too loud until this point as it is the "climax" of this section.
Upper octave in lead trumpet parts are optional and can be down an octave if they are too high.

FUNK/SAMBA (♩=120)
