

1 Scan the QR Code or Text Code Provided.

2 Complete profile, including photo and add personal request for support video.

3 Choose Team (if needed)

Registration form with fields for: First Name, Last Name, Mobile Number, Email, About me, Class, and Homeroom. A blue arrow points from the 'Choose Team' text to the 'Class' field.

Two screenshots from the FundsNow app. The left one shows the 'Sign up for FundsNow' profile completion screen with fields for First Name, Last Name, Mobile Number, and Email. The right one shows the campaign overview screen with a 'Help Support Donate' banner, a profile picture placeholder, and campaign statistics like '\$0.00 raised of \$500 goal'.

4 Add Your Contacts

Add supporter contacts and save. They'll receive messages throughout the campaign.

'Contacts' screen showing a list of added contacts. The list has columns for 'Cell or Email' and 'Name'. Two contacts are pre-filled: '480-555-1234 Best Friend' and '480-777-4321 Your Mom'. Below are four empty rows for adding more contacts.

5 Tap the Share link

1. Use the **Share Link** button to share via text, email and social media
2. Tap **Copy Link** button & send the link to your contacts by pasting it into messages

'My Link' sharing interface. It features a 'Share Link' button and a 'Copy Link' button. The text above the buttons says 'Share this link with friends and family to help us fundraise'.
